▪ About Us ▪

Nakshatra Technology™ is into the manufacturing service since 2015, hereby we focus on hygiene sectored products, as India is the only nation which gives the first priority to women's so, Nakshatra Technology is here with an innovative concept i.e. Sanitary Napkin Vending Machine and Sanitary Napkin Incinerator Machine which is specially designed for females, in today's time hygiene is the basic issue which is mainly inaccessible in some certain cases like places which lacks of facilities so this products were designed considering their point of view to serve each and every needy one.

Nakshatra Technology™ focus on hygiene based products which is beneficial to our nation now and upcoming ones too. Our services are vast we also provide facilities in "Bangladesh, Nepal, Sri Lanka and Mauritius" right from manufacturing up to transport; we are here with whole heartedly services, Our goal is to serve the nation at the best of our level, so here we go with a remarkable journey, a journey towards hygiene.

▪ StayHappy ▪

StayHappy designed and developed by Nakshatra Technology™ specially for females considering the menstruation hygiene issue, we admired that females lack of facilities so why not to give a helping hands and help this needy ones for staying happy so here is the motto of designing our product StayHappy, to keep females happy during their hard time is our prime motto.

■ Our Product ■

StayHappy

Automatic Sanitary Napkin Vending Machine: NTVM-A-50

StayHappy Automatic Sanitary Napkin Vending Machine is an easy way of Dispensing the Sanitary Napkin.

- Electronically Operated based on Programmable Chip (IC).
- Made of CRC Anti-Corrosive Powder Coated Steel (MS)
- Stock can be updated at the time of each refill
- LCD Display with Dark Character displaying Product
- 50 Individual napkins of any size (S,M,L)
- Warranty Period 12 months (1 year)
- Size - 720 X 480 X 170 mm

Sr.No	Details	Specification
1	Type of Machine	Fully Automatic Electronically Operated based on Programmable Chip (IC)
2	Operational Method	With 5 Amp Power
3	Technology	Double Rotating Horizontal Spiral with Partition
4	Cabinet / Door Construction	Made of CRC Anti-Corrosive Powder Coated Steel (MS)
5	Vending Mechanism	Automatically vend one Sanitary Napkin when a coin or token is inserted (No need to press any button for vending)
6	Operating Mechanism	IC Based Solid State Electronic Mechanism
7	Coin/ Token Acceptance Mechanism	- Fully Electronic Coin/Token Acceptor - Accepts Rs.1,2,5 &10 coin & token - Accepts multiple coin to reach programmed value - Programmable in field
8	Stock Update	Stock can be updated at the time of each refill
9	LCD Display	LCD Display with Dark Character displaying Product Price and Quantity of Sanitary Napkin in the Machine
10	Stock Out	- The Current stock is being Displayed on the LCD - If there is no stock in the machine it will automatically display NO STOCK (No need to press any button to know the stock) - Rejects the coin during NO STOCK message display
11	Product storage capacity	33,50 and 99 (Individual napkins of any size (S,M,L))
12	Stock View	Bigger View Window - To see the stock of Napkins
13	Electrical	230V /50 Hz / 5 Amp , All motors and boards operate on DC
14	Mounting method	Wall Mounting & Table Top Both Option
15	Warranty Period	12 months (1 year) Replacement Warranty

Manual Sanitary Napkin Vending Machine: NTVM-M-33

StayHappy Manual Sanitary Napkin Vending Machine is an easy way of Dispensing Sanitary Napkin.

- Manual Sanitary Napkin Vending Machine
- Aluminum Coin Acceptor with 360 degree rotation
- 33 Individual napkins of any size (S,M,L)
- Size - 650 X 295 X 140 mm Compact Design
- Warranty Period 12 months (1 year)

Sr.No	Details	Specification
1	Type of Machine	Manual Sanitary Napkin Vending Machine
2	Operational Method	Coin Acceptor knob operation
3	Technology	Aluminum Coin Acceptor with 360 degree rotation
4	Cabinet / Door Construction	Made of CRC Anti-Corrosive Powder Coated Steel (MS)
5	Vending Mechanism	Vend one Sanitary Napkin when a coin or token is inserted and the Coin Acceptor Knob is rotated in 360 degree angle
6	Operating Mechanism	Manual through spiral (spring)
7	Spiral	Mild Steel with Zinc/ Nickel Coating Paint for smooth function & long life
8	Coin/ Token Acceptance Mechanism	Accepts Rs. 5 Or 10 coin (Both Type) & Token (Used for Free Vending)
9	Product storage capacity	33/50 Individual napkins of any size (S,M,L)
10	Stock View	Bigger View Window - To see the stock of Napkins
11	Mounting method	Wall Mounting & Table Top Both Option
12	Dimensions (HxWxD) mm	650*295*140 mm Compact Design
13	Weight	7 Kg
14	Warranty Period	12 months (1 year) Replacement Warranty

Medical Waste Incinerator -NT-MW-01

As pollution is the prime issue of today time likewise there is none of the sector which makes zero pollution considering hospitals or any medical sectors. Medical waste includes contaminated consumables, blood, body parts and PPT disposal though incineration is the best way to ensure bio-security. All our medical waste solutions are suitable for destruction of materials as well as contamination control using incineration medical waste can also be treated at the same place where it was generated. This avoids cross contamination risk and keeps waste treatment cost low.

Our medical incinerators use the highest standards of construction. They have superior corrosion resistance at high temperatures and are backed by 30 years of engineering experience with an enviable range of incineration for sale, we are confident you will find the perfect solution to your waste challenges.

Bio Medical Waste Incinerator NT-BMW-01

Biomedical waste contain potentially infectious materials. It may also includes waste associated with the generation of biomedical waste that visually appears to the medical or laboratory origins, as well research laboratory waste containing biomolecules or organisms that are mainly restricted from environmental release, thereby we designed Biomedical waste incinerator, for proper management by which environment general public and workers especially healthcare and sanitation workers who are at risk of exposure to biomedical waste as an occupational hazards. We commit to give quality product and save your life

Face Mask Vending Machine

Face mask a most demanding in todays time, as viruses, diseases and pollution has marked up social distancing but its not easy to maintain without any source or availability of any kind of equipment so face mask can be said a source to protect us from direct interaction of atmosphere, so we have launched face mask vending machine for making them easily available whenever required as your health is our first priority.

Feedback System

Feedback is very important in life, if we are into a business its essential to know the feedback of customer for improving or for knowing what costumer like the most and accordingly to make best out of it so, point is how to know what costumer thinks about us? Considering this point we designed a machine called feedback kiosk which consists of 5 questions, with accordingly options to which costumer can select according to his satisfaction, Our machine is specially designed for those who really want to know the feedback their costumer.

Contact Less Attendance System

Attendance a trending concept in schools, corporates etc. As its trending, so it's important at the same time, looking into today's condition biometric attendance is difficult as COVID has affected a lot, and likewise it has made some rules like social distancing, sanitation and much more, if rules are not followed accordingly one has to suffer for the same, so what can be done? Thinking over this, we designed contactless attendance which consist of Bluetooth facility which helps for marking attendance without any biometric , only by connecting Bluetooth for both android and non-android user, so it's an enchanting concept which everyone should follow our motto is your safety, so join us and help for safe guarding your life.

Automatic Hand Sanitizer

Sanitising or may say hygienous life should be a key factor of every living being because it's essential for being safe from health issues, COVID, dengue, malaria, viral, epidemic, pandemic and much more in today's time had became our enemies one never knows what may happen unknowingly with their health, so why not to take a step towards safeguarding our lives from this deadly viruses? Nakshatra worked on the same and designed automatic sanitizer machine which consist of sprinkler mechanism, it give a freedom to use sanitizer freely without any requirement of hand touch, which helps every user to avail the sanitizer without caring that what if the first user was infected, this question will never arise in the mind of user as its construction by Nakshatra Technology is unique.

▪ Customers ▪

Our customers are always satisfied with our services as Nakshatra Technology never step back though challenges might be any in their way, allover our services never matter how the customers be but always try to give the best that's why we have a wide range of customers which includes the top brands like MI, Godrej, Mahindra, Suzuki, HONDA and much more our services are never-ending.
